PROGRAM

Sportstrap

WHY CHOOSE SPORTSTRAP

In 2020, SportStrap commenced trading in Ballarat Victoria, and since then has managed to expand into a National business, providing service throughout regional and capital Australia.

This rapid growth is due to 3 key business principles that are never compromised:

- **HIGH QUALITY PRODUCT**
- **SERVICE** that is second to none
- **LOW PRICES**

SPONSORSHIP PROGRAM

In 2020, Sport Strap will continue to support clubs by providing the highest quality products at the lowest price. We estimate that the saving for 2020 will be an average of 40% compared to our major competitors.

Further to the financial savings SportStrap has introduced an achievable and practical sponsorship program, which we hope will help support clubs throughout 2020.

Our program will allow your club to receive incentives at multiple stages throughout the year, as opposed to our competitors that only provide one.

8 REASONS WHY TO CHOOSE THE SPORTSTRAP SPONSORSHIP PROGRAM

1. The SportStrap Sponsorship program **rewards all clubs for every dollar they spend**
2. **No Up-front \$2-3K spend.**
3. **Clubs can tailor Sponsorship credit** on products that are needed (not just a limited list of products that the club already has).
4. SportStrap prices are an average of **30% below major competitors.**
5. SportStrap offers **peace of mind with quality products, low prices and a 7-day money back guarantee.**
6. SportStrap offers **free shipping Australia wide on orders over \$500** (Orders are processed and shipped within 12-24hrs).
7. **No minimum order size.**
8. **20% longer rolls (5.5m long) in our new EAB and Cotton Stretch Tape range... at no extra cost.**

Competitor Price Comparison - Rigid Tape

Sportstrap "Ultimate" Rigid Tape is a high performance grade sports tape for ultimate support on ankles, shoulders, knees and wrists.

The Ultimate Rigid Tape performs well in both wet & dry conditions, and conforms to the contours of the body resisting creasing, making it easier for a better application.

FEATURES

- Aggressive zinc oxide adhesive
- Rayon fabric
- High tensile strength
- Easy to hand tear
- Consistent unwinding
- Maximum compression
- Excellent moulding to body

Sportstrap rigid tape conforms and provides firm support to ankles, wrists, hands, shoulders and difficult body parts.

This sportstrap rigid tape is made from pores cotton substrate which allows for perspiration to escape, minimising the chance of skin damage and also maintains the holding properties of the tape.

FEATURES

- Cotton substrate
- Latex free (no latex allergic reaction)
- Soft and comfortable
- Excellent tensile strength
- Non elastic, provides maximum compression
- Stepped edges (easy to tear by hand)
- Strong adhesion
- Constant unwinding tension
- Leaves no residue on skin
- Economical

20% MORE TAPE

at the Same Price

Sportstrap EAB is a heavy duty elastic adhesive bandage with aggressive adhesion.

It is applied when moderate to maximum support is required to strained and sprained parts of the body.

FEATURES

- Cotton elastic substrate
- Latex free (no latex allergic reaction)
- Soft and comfortable
- Heavy and stable stretch
- Provides moderate to maximum compression
- Constant unwinding tension
- Leaves no residue on skin
- Economical
- Color treated in middle to aid with overlapping
- 20% Longer of Roll (4.5m to 5.5m)

at the Same Price

Sportstrap cotton tear tape is an elastic adhesive bandage.

This cotton substrate is soft and comfortable and can be fitted to difficult body contours.

Its latex free adhesive is very aggressive but leaves no residue on skin. Excellent for the control of swelling and bleeding.

FEATURES

- Cotton elastic substrate
- Latex free (no latex allergic reaction)
- Soft and comfortable
- Easy hand tear (no scissors required)
- Provides light compression
- Strong and reliable adhesion
- Constant unwinding tension
- 20% Longer of Roll (4.5m to 5.5m)
- Leaves no residue on skin

KINESIOLOGY TAPE

Dr K is a specially formulated Kinesiology Tape designed to assist tired muscles recover and repair from strenuous activity.

This revolutionary fabric tape is applied to muscles and joints. It will increase blood flow, repairing muscles with higher oxygen delivery, improving lymphatic drainage and the removal of lactic acid.

Dr K can be used to aid in the recovery of an existing injury as well as injury prevention. Athletes using Dr K during competition find improved endurance and rapid recovery.

WHAT CAUSES A MUSCLE CRAMP? A muscle cramp is generally caused by the body's response to an electrolyte imbalance by sending a neurological message that causes the muscle to engage. The "hyper-engagement" of the muscle is what is commonly referred to as a muscle cramp

HOW PICKLE JUICE® STOPS MUSCLE CRAMPS: Pickle Juice Sport and Extra Strength Pickle Juice Shots work quicker than just about anything else on the market because in addition to the traditional electrolyte therapy, Pickle Juice attacks the neurological message that is at the root cause of the cramp with Neural Inhibitors™

Neural Inhibitors™: The primary ingredients that drive the flavour profile of Pickle Juice® function to block the "cramp" message from the brain to the muscle

Electrolytes: Pickle Juice contains 10X the Electrolytes™ as most traditional sports drinks to promote hydration

WHY PICKLE JUICE SPORT/SHOT?

- No need for refrigeration (2 years shelf life)
- Fortified with potassium, zinc, Vitamin C & E
- Portable
- Aids in hydration (sodium helps retain water)
- Replenish Electrolytes – contains 10 X as many as most sports drinks
- 100% natural purpose built isotonic beverage
